## STORY OF BLOODY REVOLT

YOUNG OFFICERS SHOT ROYAL  
COUPLE AND HACKED THE  
QUEEN'S BODY.

Belgrade, June 13.—The assassination of King Alexander and Queen Draga, the latter's two brothers, the Serbian premier, minister of war and former minister of war, perpetrated in the dark hours of Thursday morning by a band of officers, and the proclamation by the army of Prince Peter Karageorgievitch, the pretender to the throne, as king of Serbia, has apparently, it may be said, now that thirty-six hours have passed, been accepted by the capital and the Serbian people without a murmur. The meeting of the skupshtina on Monday next is now looked forward to to confirm the proclamation as king of Prince Karageorgievitch and to regularize the new situation.

The only new element in the situation is a feeling among the intelligent classes in favor of the abolition of a Serbian monarchy altogether and the creation of a republic, and this sentiment is shared by at least one member of the provisional government.

**Favored a Republic.**  
Differences of opinion on this point developed Friday at a meeting of the cabinet when the new foreign minister, Ljubomir Kalevich, expressed himself for the establishment of a Republican form of government. The majority of the ministers, however, declared themselves in favor of a new king in Prince Peter Karageorgievitch. They strengthened their declaration by the strong argument that it was certain that Austria and Russia would not countenance the creation of a republic. This is the view generally shared by politicians.

The remains of the ill-fated king and queen were buried almost stealthily Thursday night in the chapel of St. Mark, where the members of the Obrenovitch family are interred. The government has laid claim to the possessions of the late monarch. It is not known whether he left a fortune, but it is supposed that he had considerable savings, having lived economically during the last decade.

**Money Deposited in England.**  
It is reported that the greater part of his money was deposited in England, but it is questionable whether the capital would be delivered to the Serbian government. The opinion here is that all belongs to the state, even the king's foreign investments. It is possible that Ex-Queen Natalie may also appear as an heiress. Queen Draga was in receipt of 30,000 gulden monthly and also had great savings, which will be handed over to her three sisters.

The following is a narrative of the revolution given by men who took an active part in it:

Army officers to the number of ninety, having formed a project of a revolt, among them being delegates from almost every garrison in Serbia and the majority of the officers of the Sixth regiment, Colonel Mitschisch invited his comrades on Wednesday evening at 11 o'clock to meet in the Kallimagden garden, and there the immediate carrying out of the intended deed was organized.

**Had Important Allies.**

At 1:40 a. m. the officers in eight groups went to the Konak, the royal palace. Each had a cue and especial directions regarding his part in the revolution. In the Konak palace itself the revolutionaries had two important partisans in the king's bodyguard—Colonel Alexander Maschin, Queen Draga's cousin (not brother-in-law), and the king's personal adjutant, Lieutenant Naumovics. Two officers

of the high military academy appeared at the appointed hour, 2 a. m., at the gate of the Konak, where the king's adjutant, Panajotovic, who was in the conspiracy, handed them the keys to the garden gate, which is always kept locked. First stepping before the guard at the Konak, one of the two officers called "throw down your arms." A fight ensued, with shots from both sides, in which several persons were wounded.

The revolutionaries then entered without hindrance and reached the courtyard, where Lieutenant Naumovics was awaiting. He opened the lock of the iron door leading to the front room on the first floor.

**Suspected Danger.**  
By this it was seen that the Konak was carefully closed and that danger was suspected. Hurrying upstairs to the first floor, the revolting officers attracted the attention of the palace attendants and the royal couple by the noise of the shooting. Lieutenant Lavar Petrovitch, alarmed by the unwonted hubbub, hurried forward with a drawn revolver in one hand and in the other a sword.

"What do you want?" he cried. "Show us where the king and queen are," came the reply. "Back!" cried Petrovitch, and at the same moment a ball stretched him on the floor. The revolutionaries then pressed forward, when suddenly the electric light gave out. All stood in darkness. In the greatest excitement and feeling their way, the revolutionaries climbed the stairs and got into the dark ante-room to the king's apartments. Here they found candles and lit them.

**Candles Decided Their Fate.**  
This seemingly slight circumstance was decisive to the whole action. Without light they could not have found the victims, who fled from their sleeping apartments through corridors and numerous rooms and might have escaped, but part of the officers, with burning candles and others with pistols, commenced to search for the royal couple.

In breathless haste the conspirators ran through the rooms, opened wardrobes and looked behind curtains in vain. In the ante-room connecting with the corridor between the old and new Konak, the sergeant of the gendarmes was sleeping. Awakening, he stepped before the revolutionaries, who felled him.

At last Queen Draga's servant was found. He wounded Captain Dimitrevic severely, but was

**Spared Because He Was Needed.**  
In finding the fleeing couple, indeed, this servant showed the officers where King Alexander and Queen Draga had gone to secrete themselves.

When he had told this he was shot. Colonel Maschin now joined the revolutionaries and led them back to the sleeping apartment, where the king's adjutant tried to hinder the search. He shot at Lieutenant Naumovics, who fell dead. The others killed the adjutant. After a long search a small door leading into an alcove was discovered, but it was found locked. It was broken in with an axe and here the royal couple were found in undress. The older officers first intended forcing the king to abdicate, but the young officers were in no mood to be held back and shot at the royal couple. Nobody knows in the excitement who shot first, but it is generally said it was Lieutenant Kistich.

**Bodies Bathed in Blood.**  
After the murder King Alexander's body was found entirely covered with blood. That of Queen Draga was badly torn by bullets. The report that the bodies were thrown out of the window into the garden is untrue. The young officers intended to do so, but Colonel Maschin prevented it, exclaiming: "That would be barbarous!"

All the servants of the royal couple fled when the first shots were heard with the exception of Queen Draga's servant, who was found dead. At twelve minutes past 2 a. m. was over. Colonel Maschin issued from the gate of the Konak, around which great crowds had collected, and made a speech, saying:

"We have now destroyed the dynasty of the Obrenovitch and have got rid of the dishonorable woman who was the king's evil spirit. Long live Serbia!"

The people responded "Long live the army."

**Queen's Relatives Shot.**  
Almost simultaneously with the butchery in the palace the troops en-

deavored to arrest all the relatives of the queen and those ministers whom the conspirators disliked. Two brothers of the queen, Lieutenants Colonel Nikola and Nikadern Lunjevics, were seized and escorted by a detachment of troops from their dwelling to the guard room of the division commander. They were evidently not suspicious of their doom and were lighting cigarettes when they were shot dead by eight soldiers.

General Zinzar Markovics, the premier, General Pavlovics, minister of war, and M. Todorovics, minister of the interior, were shot by the troops as they attempted to defend themselves from arrest. The former two were killed, while Minister Todorovics was just alive Friday night.

Shortly after the bodies of the dead king and queen were carried to their last resting place. It was a pitiful sight. All day long the victims were

**Reposing in Rough Coffins**  
and had lain exposed to the gaze of those who had killed them and to the privileged curious.

There have been unpleasant evidences of the public resentment against the late royal couple. Some persons even spat on the remains.

Outside the palace a vast crowd awaited the removal, not only of the corpses of the king and queen, but of the bodies of all the other victims, which were similarly interred, being conveyed in hearses to the Belgrade cemetery. In the streets there was a dead silence, and the public were kept back by the troops. The burial services were brief. Two priests were present, but no high ecclesiastical dignitaries. Inside the cemetery none was allowed except a strong force of gendarmes and a few officers. Not a single friend or relative of the deceased was present.

**Wooden Crosses for Royalty.**  
The remains of the royal pair were interred in a vault in the cemetery chapel. Two wooden crosses alone denoted the spot, marked "Alexander Obrenovics" and "Draginja Obrenovics." The other bodies lie outside in the cemetery in rough graves.

Friday the sisters and nieces of the late queen, who had been arrested by the military authorities, were expelled from the country. Ex-Queen Natalie was desirous of coming to Belgrade to see the body of her son, but was dissuaded by the government.

Some shouts for a republic have been heard in the streets, which are still patrolled. The military authorities seem to apprehend complications arising and are anxious to get formal communications regarding the attitude of the powers toward the new government. It is also stated that the formalities connected with the proclamation of King Karageorgievitch as king may take longer than was at first expected.

**No Signs of Mourning.**  
There has been no sign of mourning, but it is not certain that every section of the public will quietly acquiesce in the revolution, and the tension until Prince Karageorgievitch's accession has been recognized.

The autopsy held has proved that the late king received thirty shots, many of them deadly. Queen Draga had numerous shot and sabre wounds, and it is alleged that her body was torn in a barbaric fashion. The appearance of the royal apartments is indescribable. The floors are spattered and the ruins drenched with blood.

Joyful demonstrations were indulged in by the populace throughout the day and business remains undisturbed. Altogether seventeen persons were killed and ten wounded.

The town wears a festive aspect. Almost every house displays a flag which indicates either the satisfaction or the fear of its occupants.

The new king, in an interview at Geneva, expressed abhorrence of the crime here, outlined his future course and intimated a leaning toward Russia.

## A. O. U. W. OFFICERS ELECTED.

Webb McNall of Kansas Chosen Supreme Master Workman.

St. Paul, June 13.—With the exception of one trustee, all the supreme officers of the Workmen were elected, with the following result:

Past supreme master workman, Webb McNall, Gaylord, Kan.; supreme master workman, W. H. Miller, St. Louis, Mo.; supreme foreman, Will M. Narvis, Muscatine, Ia.; supreme overseer, William M. Colvig, Oregon; supreme recorder, M. W. Sackett, Meadville, Pa. re-elected; supreme receiver, H. B. Dickinson, Buffalo, N. Y. re-elected; supreme guard, L. C. Merrill, Concord, N. H.; supreme watchman, S. B. Ritchie, re-elected, Winnipeg. Of the three trustees to be elected, the following two were chosen: D. H. Hirschburg, California; Joseph Erford, Nebraska. Dr. B. H. Shields was re-elected supreme medical examiner.

The committee on ritual was instructed to meet today in secret session and consider the approved rituals submitted for competition.

In the case of W. F. Vernon, who has been touring the country under various names, forging and cashing drafts on many members of the supreme lodge, and recently captured in Murfreesboro, Tenn., it was decided to prosecute him and forward the funds to cover necessary expenses.

A motion was introduced by the California delegates to increase the assessments and to hasten the payment of death claims.

At the conference of the Degree of Honor in Minneapolis hall it was decided to permit the withdrawal of Iowa from the beneficiary jurisdiction of the superior lodge. This withdrawal is due to the fact that the state of Iowa feels sufficiently strong to conduct a jurisdiction of its own independent of the mother society.

At the memorial services in Central Presbyterian church a large audience was in attendance.

## EMPLOYES WALK OUT

LEADING HOTELS OF CHICAGO  
BADLY CRIPPLED IN ALL  
DEPARTMENTS.

## PROMISE OF BITTER FIGHT

NEITHER SIDE WILLING TO RECOGNIZE THE CONTENTIONS  
OF THE OTHER.

Chicago, June 13.—The strike in the hotels of Chicago, impending for the past three weeks, materialized Friday and twenty-five of the leading hotels of Chicago are now badly crippled in all departments. All of the hotels are running, however, and the proprietors declare that the establishments will remain open for business at any cost.

The first call to the employees of the hotels to go on strike was made by the walking delegates at 9 o'clock in the morning, and all day the delegates were visiting the different hotels, represented in the Hotel Keepers' association, and calling out the help. In several places the walking delegates were refused admission, and were compelled to signal the employees from the outside. In others, the strike leaders were met with the declaration that there was no need of making a call on the men to go out, the hotel proprietors telling the help it would be necessary to get out and stay out until the trouble was over. The last hotels in which strikes were declared were the Virginia, the Great Northern, the Brevoort and the Union. The men in these places walked out Friday night. The complete list of hotels in which the employees have left is as follows:

Auditorium, Auditorium Annex, Sherman House, Grand Pacific, Stratford, Palmer House, Briggs House, Bismarck, Kaiserhof, Thompson's Victoria, Wellington, Lakota, Chicago Beach, Del Prado, Vendome, Hyde Park, Windermere, Metropole, Kenwood, Holland, Great Northern, Virginia, Brevoort, Union.

The Lexington Hotel signed the scale presented by the union five minutes after the help had been called out.

There is every indication that the strike will be hard fought before one side or the other gives in. The hotel proprietors declare that the demands made by the men are unreasonable, and the unions claim to have not been fairly treated by the proprietors, in that the proprietors agreed to treat as individuals with the unions and have not done so.

**Refuse to Arbitrate.**

The proprietors have agreed to submit nearly every point at issue to arbitration, but to this the unions will not consent. They insist that their demands for higher wages and shorter hours be granted before they will arbitrate anything, and insist also upon the absolute recognition of the union. To this latter demand the proprietors say they will never agree so long as the strikers maintain their present attitude. The proprietors have expressed a willingness to arbitrate this proposition also, but the men will not recede from the position assumed. The unions also demand that the members of the Hotel Keepers' association come to the officers of the employees' organization as individuals and not as members of any association.

The strikers made efforts to divert supplies from the hotels, but were not successful to any considerable extent. The employees have hopes of bringing to their aid the members of the teamsters and engineers' unions in order to keep food out of the hotels, and to deprive the establishments of a supply of hot water.

Pickets surround every hotel in which a strike has been declared, and details of police are patrolling the sidewalks around the buildings. So far there has not been the slightest evidence of disorder.

Restaurant keepers have decided to discharge all employees who will not sign an agreement to arbitrate, and as this was previously refused, the chances are that nearly all of the big downtown restaurants will be closed.

## MORENCI STRIKE SETTLED.

Men Accept Company's Offer of Increased Pay.

Morenci, Ariz., June 13.—The strike is settled. The men accepted the company's offer of nine hours' pay for eight hours' work. The territorial guard will leave camp today.

Five troops of regulars from Forts Grant and Huachuca are here, Colonel Lebo in command. Italians only are not included in the settlement.

**Trade Conditions Improve.**

New York, June 13.—Bradstreet's review of trade says weather, crop and labor conditions all show improvement this week and the feeling has grown that damage from the foregoing sources has been over-estimated. Wholesale business generally is seasonably quiet, but already an improvement in tone is noticeable, as the result of the rather better outlook agriculturally.

## MRS. HELENA BLAV,

Young Milwaukee Society Woman.

**T**EN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blav, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

"Wine of Cardui is certainly 'woman's best friend' and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no nobility to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients.

**WINE of CARDUI** A million suffering women have found relief in Wine of Cardui.

## STORY OF BLOODY REVOLT

YOUNG OFFICERS SHOT ROYAL  
COUPLE AND HACKED THE  
QUEEN'S BODY.

Belgrade, June 13.—The assassination of King Alexander and Queen Draga, the latter's two brothers, the Servian premier, minister of war and former minister of war, perpetrated in the dark hours of Thursday morning by a band of officers, and the proclamation by the army of Prince Peter Karageorgievich, the pretender to the throne, as king of Serbia, has apparently, it may be said, now that thirty-six hours have passed, been accepted by the capital and the Servian people without a murmur. The meeting of the skupshtina on Monday next is now looked forward to to confirm the proclamation as king of Prince Karageorgievich and to regularize the new situation.

The only new element in the situation is a feeling among the intelligent classes in favor of the abolition of a Servian monarchy altogether and the creation of a republic, and this sentiment is shared by at least one member of the provisional government.

### Favored a Republic.

Differences of opinion on this point developed Friday at a meeting of the cabinet when the new foreign minister, Ljubomir Kalievich, expressed himself for the establishment of a Republic form of government. The majority of the ministers, however, declared themselves in favor of a new king in Prince Peter Karageorgievich. They strengthened their declaration by the strong argument that it was certain that Austria and Russia would not countenance the creation of a republic. This is the view generally shared by politicians.

The remains of the ill-fated king and queen were buried almost stealthily Thursday night in the chapel of St. Mark, where the members of the Obrenovitch family are interred.

The government has laid claim to the possessions of the late monarch. It is not known whether he left a fortune, but it is supposed that he had considerable savings, having lived economically during the last decade.

### Money Deposited in England.

It is reported that the greater part of his money was deposited in England, but it is questionable whether the capital would be delivered to the Servian government. The opinion here is that all belongs to the state, even the king's foreign investments. It is possible that Ex-Queen Natalie may also appear as an heiress. Queen Draga was in receipt of 30,000 golden monthly and also had great savings, which will be handed over to her three sisters.

The following is a narrative of the revolution given by men who took an active part in it:

Army officers to the number of ninety, having formed a project of a revolt, among them being delegates from almost every garrison in Serbia and the majority of the officers of the Sixth regiment, Colonel Mitschisch invited his comrades on Wednesday evening at 11 o'clock to meet in the Kallimadgen garden, and there the immediate carrying out of the intended deed was organized.

In the ante-room connecting with the corridor between the old and new Konak, the sergeant of the gendarmes was sleeping. Awakening, he stepped before the revolutionaries, who felled him.

At last Queen Draga's servant was found. He wounded Captain Dimitrevic severely, but was

All of the hotels are running, however, and the proprietors declare that the establishments will remain open for business at any cost.

The first call to the employees of the hotels to go on strike was made by the walking delegates at 9 o'clock in the morning, and all day the delegates were visiting the different hotels, represented in the Hotel Keepers' association, and calling out the help. In several places the walking delegates were refused admission, and were compelled to signal the employees from the outside. In others, the strike leaders were met with the declaration that there was no need of making a call on the men to go out, the hotel proprietors telling the help it would be necessary to get out and stay out until the trouble was over. The last hotels in which strikes were declared were the Virginia, the Great Northern, the Brevoort and the Union. The men in these places walked out Friday night. The complete list of hotels in which the employees have left is as follows:

Auditorium, Auditorium Annex, Sherman House, Grand Pacific, Stratford, Palmer House, Briggs House, Bismarck, Kaiserhof, Thompson's Victoria, Wellington, Lakota, Chicago Beach, Del Prado, Vendome, Hyde Park, Windermere, Metropole, Kenwood, Holland, Great Northern, Virginia, Brevoort, Union.

The Lexington Hotel signed the scale presented by the union five minutes after the help had been called out.

There is every indication that the strike will be hard fought before one side or the other gives in. The hotel proprietors declare that the demands made by the men are unreasonable, and the unions claim to have not been fairly treated by the proprietors. In that the proprietors agreed to treat as individuals with the unions and have not done so.

### Refuse to Arbitrate.

The proprietors have agreed to submit nearly every point at issue to arbitration, but to this the unions will not consent. They insist that their demands for higher wages and shorter hours be granted before they will arbitrate anything, and insist also upon the absolute recognition of the union. To this latter demand the proprietors say they will never agree so long as the strikers maintain their present attitude. The proprietors have expressed a willingness to arbitrate this proposition also, but the men will not recede from the position assumed. The unions also demand that the members of the Hotel Keepers' association come to the officers of the employees' organization as individuals and not as members of any association.

The strikers made efforts to divert supplies from the hotels, but were not successful to any considerable extent. The employees have hopes of bringing to their aid the members of the teamsters and engineers' unions in order to keep food out of the hotels, and to deprive the establishments of a supply of hot water.

Pickets surround every hotel in which a strike has been declared, and details of police are patrolling the sidewalks around the buildings. So far there has not been the slightest evidence of disorder.

Restaurant keepers have decided to discharge all employees who will not sign an agreement to arbitrate, and as this was previously refused, the chances are that nearly all of the big downtown restaurants will be closed.

### MORENCI STRIKE SETTLED.

Men Accept Company's Offer of Increased Pay.

Morenci, Ariz., June 13.—The strike is settled. The men accepted the company's offer of nine hours' pay for eight hours' work. The territorial guard will leave camp today.

Five troops of regulars from Fort Grant and Huachuca are here. Colonel Lebo in command. Italians only are not included in the settlement.

### Trade Conditions Improve.

New York, June 13.—Bradstreet's review of trade says weather, crop and labor conditions all show improvement this week and the feeling has grown that damage from the foregoing sources has been over-estimated. Wholesale business generally is seasonably quiet, but already an improvement in tone is noticeable, as the result of the rather better outlook agriculturally.

## MRS. HELENA BLAV,

Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blav, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

"Wine of Cardui is certainly 'women's best friend' and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients.

Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

## WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

## THE Kaufman Garments

are up to the minute in style, none of the highest priced merchant tailors show any more advanced styles than can be found in the "Kaufman Garments." Thinking men will readily note the advanced styles shown each season equal in fit and finish to the highest priced merchant tailored production, and to tell the difference would be a difficult task.

If you want the highest class of artistic tailoring you will surely find it in a "Kaufman Garment."

The Kaufman Tweedham is a unique idea in a two-button, double breasted sack coat. Unusually chic in appearance. Suitable for high class young men's trade.

## HEROISM OF WOODSMEN.

**Maine Men Suffered Hardships to Carry Dead Friend to Civilization.**  
John Francis Haggerty, aged twenty-six, of Bangor, Me., left home on March 28 to work on Lawley Bros.' log drive on the Allegash river and soon after arriving at the scene of operations fell sick and died in a few days, says the New York World.

When Haggerty died the boss of the drive, it is said, directed James Bell and Daniel Malloy of Bangor, two of Haggerty's friends, to bury the body immediately in the woods and lose no time from work. The men refused to do this and, abandoning their jobs on the drive, started to bring their dead chum's body out to civilization. The body was placed in a canoe and the long journey begun, but the river was so swift and full of rocks that in order to prevent capsizing the canoe Bell and Malloy were obliged to get out and wade in the icy water up to their waists.

In this way they pushed the canoe with its ghastly freight twenty-three miles down the Allegash, after which they struck into the woods on the way to Patten. Bell carrying the canoe five miles to the nearest water, while Malloy carried the corpse on his shoulder.

They finally accomplished the twenty-five miles to Patten, after a day on the river and a night in the woods, during which time they took turns at sleeping and watching their burden. When they reached Patten they were so weak that they fell at the hotel door, having had nothing to eat for thirty-six hours and having traveled forty-eight miles with the body of their friend. The body has reached Bangor, and Bell and Malloy have gone back to the drive.

The adjusters have completed their work and the losses of the fire last Sunday have been paid. Adam Armstrong received about \$7,000. The insurance was all carried in the T. C. Blewitt companies for the Armstrong hotel and other buildings. Mr. Armstrong has built a temporary building to be used for a saloon. ## Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by H. P. Dunn & Co. druggist. Trial bottle free, regular sizes 50c. and \$1.00.

## HEROISM OF WOODSMEN.

Maine Men Suffered Hardships to Carry Dead Friend to Civilization. John Francis Haggerty, aged twenty-six, of Bangor, Me., left home on March 28 to work on Lawley Bros' log drive on the Allegash river and soon after arriving at the scene of operations fell sick and died in a few days, says the New York World.

When Haggerty died the boss of the drive, it is said, directed James Bell and Daniel Malloy of Bangor, two of Haggerty's friends, to bury the body immediately in the woods and lose no time from work. The men refused to do this and, abandoning their jobs on the drive, started to bring their dead chum's body out to civilization. The body was placed in a canoe and the long journey begun, but the river was so swift and full of rocks that in order to prevent capsizing the canoe Bell and Malloy were obliged to get out and wade in the icy water up to their waists.

In this way they pushed the canoe with its ghastly freight twenty-three miles down the Allegash, after which they struck into the woods on the way to Patten. Bell carrying the canoe five miles to the nearest water, while Malloy carried the corpse on his shoulder.

They finally accomplished the twenty-five miles to Patten, after a day on the river and a night in the woods, during which time they took turns at sleeping and watching their burden. When they reached Patten they were so weak that they fell at the hotel door, having had nothing to eat for thirty-six hours and having traveled forty-eight miles with the body of their friend. The body has reached Bangor, and Bell and Malloy have gone back to the drive.

## BUSINESS MEN MET TO DISCUSS MATTER

Representative of the Minnesota  
Water Works Company  
Meets with Business Men

### A GENERAL COMMITTEE NAMED

To Confer with the Fire and Wa-  
ter Works Committee and  
Make Recommendations.

There was a meeting of the business men last night in council chambers called for the purpose of considering the water works question, and more particularly to consider the position of the city and its relation to the Minnesota Water Works company, especially as affecting the future policy to be pursued in the government and control of the system in this city.

The meeting had not been generally advertised but the heaviest taxpayers were notified and there was a good representation of the city from the business men's standpoint. The organization was perfected by naming C. D. Johnson as chairman and F. E. Low as secretary.

After the object of the meeting had been explained expressions were heard from some of the prominent business men present. A representative of President Tighe, of the Minnesota Water Works company, in the person of Frank Gregg, was present and he was one of the first to make a few remarks on the matter in hand.

He talked in the same strain that Mr. Tighe has gone over so many times relative to the water works and what they intended to do in the near future. Mr. Gregg stated that the company did expect to make improvements; improvements that would be lasting and which would place the plant in first class shape, converting it into a system of water works that would be adequate for all demands for years and years to come, at least during the term of the contract which they asked to be extended. Without some concessions from the city he stated that it would be impossible for the water works company to proceed with any improvements, nor could they be expected to do so, when their franchise will expire within five years. But the representative of President Tighe and his interests went on with a dissertation on what might be expected if the city would extend the contract as requested in President Tighe's letter and addressed to the city council at its last meeting. He had a beautiful story, told nearly as good as President Tighe could tell it himself, with all the little fine touches which gave it a very good finish. He went on to state that it was intended to put in a new boiler at the pumping station, to lay all kinds of new mains and to make other improvements necessary to thoroughly equip the plant for future use.

Mr. Gregg had evidently been coached to talk on the recent fire and the very small part the water works company played in trying to put the fire out. He stated that the company was caught unawares and the big loss of property could not be blamed to the company as it was the usual custom to clean the boilers on Sunday and while engaged in doing this on Sunday last the fire started.

Mr. Gregg, from the sentiment of the meeting last night, will certainly have a good idea how the business men in this city feel toward the water works plant. Several of the more prominent gentlemen present expressed their opinions on the matter, and they all were of one accord, believing that something should be done and that right away. Municipal ownership was one of the strongest arguments brought forth, and it was stated during the evening, if as President Tighe had stated he had not the money and could not raise it unless the contract was extended, he and his plant had better be entirely ignored.

Among those who addressed the meeting were R. R. Wise, Dr. W. Hemstead, J. F. McGinnis, Attorney A. D. Polk, A. L. Hoffman and John Hurley.

A. L. Hoffman made a few remarks on the advisability of buying a steam engine to be used by the fire department. He argued that it would be a long time before the city could decide on what to do in the water works proposition and in the meantime he thought there ought to be better fire protection. His motion that it be the sense of the meeting that a steam engine be purchased, was lost. Mr. Hoffman's motion that the matter be referred to a committee to consider its feasibility, carried.

Attorney Polk's motion that it be the sense of the meeting that the city council ascertain how long the Minnesota Water Works company has violated its contract, was lost. It was the sentiment that this would be of no use in view of the fact that everyone knew very well that the contract had been violated from the very beginning.

R. R. Wise made a motion that the chair appoint a committee of five business men, one from each ward, to confer with the fire committee of the city council and report on the matter of bettering the condition of the water works service in Brainerd. J. F. McGinnis moved an amendment that six other names be added to the committee, making the number eleven. The motion as amended carried and Chairman Johnson named the following gentlemen who will study the matter from the interests of the city and who it is expected will make some intelligent report with recommendations at a meeting of the city council to be held later:

G. D. LaBar, J. M. Elder, Dr. W. Hemstead, Con O'Brien, W. D. McKay, S. R. Adair, John Nevers, A. D. Polk, A. F. Ferris, C. A. Walker and R. J. Hartley.

Doctor Frank Stuart, oculist, who is fitting up a fine suit of rooms in the Bane block, will confine his practice to the diseases of the eye, ear, throat and nose. He will move into his new quarters about the first of next week.

## WINDOM GETS THE MEETING NEXT YEAR

Grand Lodge, I. O. G. T., in Ses-  
sion in This City Three Days  
Adjourns.

### NEW OFFICERS ARE ELECTED.

Rev. C. W. B. Ellis, of Hawley, is  
Elected to Office of Grand  
Chief Templar.

The grand lodge sessions of the I. O. G. T. of this state, came to a close last night in Columbian hall. The business session was followed by a reception to the delegates and a general good time was had.

The sessions this year were very well attended and it is thought there is an increased interest in the work. Most of the sessions were of an executive nature and much of the work was of such an order that would not interest the general public.

The place of meeting for next year was decided upon last night. Windom is the lucky city.

The following is the list of new officers elected:

Grand Chief Templar—C. W. B. Ellis, Hawley.

Grand Counselor—Rev. S. W. Hoyer, Brainerd.

Grand Juvenile Supt.—Alvin Thompson, Windom.

Grand Secretary—Emma M. Jones, Eyota.

Grand Treasurer—W. B. McCauley, Duluth.

Grand Chaplain—F. W. Barnes, Duluth.

Grand Vice Templar—E. C. Woods, Duluth.

Past Grand Chief Templar—N. T. Moen, Ada.

Grand Marshal—R. C. Sloan, Duluth.

Deputy Grand Marshal—Miss Nellie Freeman, White Bear.

Right Worthy Deputy Grand Templar—Miss Agnes Safeley, Minneapolis.

The officers were installed by Col. Parker last night and the work was very interesting.

Most of the delegates left for their respective homes this afternoon.

Tomorrow is the day when the big game of ball will be played between the Elks team of this city and the Aitkin base ball aggregation at Athletic park.

The home boys, the Elks team, has strengthened up materially and the exhibitions will be a good one. The game will be called at 3:30 o'clock and it might be well for those who wish to attend to get there early in order to get a seat. Dr. Watkins will do the twirling for the Elks and he is said to be in excellent form. The Elks team will line up about as follows: Engbretson, c; Watkins, p; Peetz, ss; Joe Howe, 1b; J. F. Murphy, 2nd b; F. J. Murphy, 3rd b; Krelwitz, lf; Manterson, cf; Canan, rf. Lagerquist, general utility man.

The shifting of this lineup should assure a good working team, and with Dr. Watkins in the box there should be no doubt about the result of the game.

### "RESURRECTION."

Marriage gives happiness only when there is a common aim; the man and the woman have met by the way and said, "Let us walk together." So be it. And they take each others hands. The marriage will not give happiness when both thus drawn toward each other have turned away from their proper course. All this to combat the false idea shared by many men that life is a vale of tears, and also that other fallacy, equally shared by a large majority, that youth, health and riches prove to us that life is a pleasure ground. Life is a place of service, where men must suffer much, but where yet oftener one may be very happy. This is one of the lessons taught in Tolstoi's "Resurrection," the wonderful, complete and life-like story of the human emotions that has taken the literary world by storm, the original production of which will be presented at the Brainerd theatre next Wednesday, June 17. The dramatization by Mr. Chas. W. Chase is from the original Russian manuscript and is a remarkably strong literary production. The scenic environment, costumes and properties carried for the production are historically correct, and the dramatic cast is a most efficient one.

### "FEDORA" SEEN IN BRAINERD.

It was really too bad that Brainerd theatre goers, those who seem to be the most critical and who are particular about what kind of a production they witness, would not use better judgment in the selections of what they call good shows and not only be present but tell others to go to such a performance as was seen last night at the Brainerd opera house when Melbourne McDowell and Miss Florence Stone presented Sardou's great Russian play "Fedora." Mr. McDowell has long been recognized as an actor of high attainments and polished manners and his interpretation of the character of Boris Ipanoff termed with refinement and ability. The play is a weird one, but both Mr. McDowell and Miss Stone carried their parts through with great force and intensity. Miss Stone is charming in the role of Princess Fedora and completely captivated her audience. She has a naturalness on the stage that is supremely delightful after having had the experience of witnessing so many stars on the stage who have some affectation or another that gives their part a stagy setting. Miss Stone is young, handsome and has a sweet voice and with her ability, she is a charming addition to any cast.

The whole cast in fact is a strong one and the performance was one of the very best that has been seen at the Brainerd opera house. A pleasing announcement was made that the same company will produce "Resurrection" one week from tonight at the Brainerd opera house. This will be a great dramatic treat.

## BUSINESS MEN MET TO DISCUSS MATTER

Representative of the Minnesota  
Water Works Company  
Meets with Business Men

### A GENERAL COMMITTEE NAMED

To Confer with the Fire and Wa-  
ter Works Committee and  
Make Recommendations.

There was a meeting of the business men last night in council chambers called for the purpose of considering the water works question, and more particularly to consider the position of the city and its relation to the Minnesota Water Works company, especially as affecting the future policy to be pursued in the government and control of the system in this city.

The meeting had not been generally advertised but the heaviest taxpayers were notified and there was a good representation of the city from the business-man's standpoint. The organization was perfected by naming C. D. Johnson as chairman and F. E. Low as secretary.

After the object of the meeting had been explained expressions were heard from some of the prominent business men present. A representative of President Tighe, of the Minnesota Water Works company, in the person of Frank Gregg, was present and he was one of the first to make a few remarks on the matter in hand.

He talked in the same strain that Mr. Tighe has gone over so many times relative to the water works and what they intended to do in the near future. Mr. Gregg stated that the company did expect to make improvements; improvements that would be lasting and which would place the plant in first class shape, converting it into a system of water works that would be adequate for all demands for years and years to come, at least during the term of the contract which they asked to be extended. Without some concessions from the city he stated that it would be impossible for the water works company to proceed with any improvements, nor could they be expected to do so, when their franchise will expire within five years. But the representative of President Tighe and his interests went on with a dissertation on what might be expected if the city would extend the contract as requested in President Tighe's letter and addressed to the city council at its last meeting. He had a beautiful story, told nearly as good as President Tighe could tell himself, with all the little fine touches which gave it a very good finish. He went on to state that it was intended to put in a new boiler at the pumping station, to lay all kinds of new mains and to make other improvements necessary to thoroughly equip the plant for future use.

Mr. Gregg had evidently been coached to talk on the recent fire and the very small part the water works company played in trying to put the fire out. He stated that the company was caught unawares and the big loss of property could not be blamed to the company as it was the usual custom to clean the boilers on Sunday and while engaged in doing this on Sunday last the fire started.

Mr. Gregg, from the sentiment of the meeting last night, will certainly have a good idea how the business men in this city feel toward the water works plant. Several of the more prominent gentlemen present expressed their opinions on the matter, and they all were of one accord, believing that something should be done and that right away. Municipal ownership was one of the strongest arguments brought forth, and it was stated during the evening, if as President Tighe had stated he had not the money and could not raise it unless the contract was extended, he and his plant had better be entirely ignored.

Among those who addressed the meeting were R. R. Wise, Dr. W. Hemstead, J. F. McGinnis, Attorney A. D. Polk, A. L. Hoffman and John Hurley.

A. L. Hoffman made a few remarks on the advisability of buying a steam engine to be used by the fire department. He argued that it would be a long time before the city could decide on what to do in the water works proposition and in the meantime he thought there ought to be better fire protection. His motion that it be the sense of the meeting that a steam engine be purchased, was lost.

Mr. Hoffman's motion that the matter be referred to a committee to consider its feasibility, carried.

Attorney Polk's motion that it be the sense of the meeting that the city council ascertain how long the Minnesota Water Works company has violated its contract, was lost. It was the sentiment that this would be of no use in view of the fact that everyone knew very well that the contract had been violated from the very beginning.

R. R. Wise made a motion that the chair appoint a committee of five business men, one from each ward, to confer with the fire committee of the city council and report on the matter of bettering the condition of the water works service in Brainerd. J. F. McGinnis moved an amendment that six other names be added to the committee, making the number eleven. The motion as amended carried and Chairman Johnson named the following gentlemen who will study the matter from the interests of the city and who it is expected will make some intelligent report with recommendations at a meeting of the city council to be held later:

G. D. LaBar, J. M. Elder, Dr. W. Hemstead, Con O'Brien, W. D. McKay, S. R. Adair, John Nevers, A. D. Polk, A. F. Ferris, C. A. Walker and R. J. Hartley.

Doctor Frank Stuart, oculist, who is fitting up a fine suit of rooms in the Bane block, will confine his practice to the diseases of the eye, ear, throat and nose. He will move into his new quarters about the first of next week. 814

## WINDOM GETS THE MEETING NEXT YEAR

Grand Lodge, I. O. G. T., in Ses-

Adjourns.

### NEW OFFICERS ARE ELECTED.

Rev. C. W. B. Ellis, of Hawley, is  
Elected to Office of Grand  
Chief Templar.

The grand lodge sessions of the I. O. G. T. of this state, came to a close last night in Columbian hall. The business session was followed by a reception to the delegates and a general good time was had.

The sessions this year were very well attended and it is thought there is an increased interest in the work. Most of the sessions were of an executive nature and much of the work was of such an order that would not interest the general public.

The place of meeting for next year was decided upon last night. Windom is the lucky city.

The following is the list of new officers elected:

Grand Chief Templar—C. W. B. Ellis, Hawley.  
Grand Counselor—Rev. S. W. Hover, Brainerd.

Grand Juvenile Supt.—Alvin Thompson, Windom.

Grand Secretary—Emma M. Jones, Eyota.

Grand Treasurer—W. B. McCauley, Duluth.

Grand Chaplain—F. W. Barnes, Duluth.

Grand Vice Templar—E. C. Woods, Duluth.

Past Grand Chief Templar—N. T. Moen, Ada.

Grand Marshal—R. C. Sloam, Duluth.

Deputy Grand Marshal—Miss Nellie Freeman, White Bear.

Right Worthy Deputy Grand Templar—Miss Agnes Safeley, Minneapolis.

The officers were installed by Col. Parker last night and the work was very interesting.

Most of the delegates left for their respective homes this afternoon.

DISCUSS KISHINEFF AFFAIR.

President Roosevelt and Count Cas-  
sini Talk Over the Situation.

Washington, June 13.—Count Cas-  
sini, the Russian ambassador, had al-  
most an hour's talk with the president  
in the afternoon. He called at the  
White House at 3 o'clock by appoint-  
ment, and was received by the presi-  
dent in the latter's private office ad-  
joining the cabinet room. Ostensibly  
the purpose of the ambassador's call  
was to take his formal farewell of  
the president, as he is leaving for  
Russia on June 23 in accordance with  
his annual custom of spending his va-  
cation at home. The ambassador's  
call, however, lasted over forty min-  
utes, and it is known that practically  
the entire time was consumed in a re-  
view of the situation in Russia grow-  
ing out of the recent Jewish atrocities  
at Kishineff, though no statement  
concerning the conference could be  
obtained, either at the White House  
or at the Russian embassy.

President Roosevelt, it can be said,  
is keenly interested in the representa-  
tions which have been made to this  
government regarding the treatment  
of the Jews in Russia, but he is also  
keenly alive to the traditional friend-  
ship which the government of Russia  
has shown for the United States.

It was learned at night that the dis-  
cussion was general in character and  
that nothing definite resulted.

GOLDEN JUBILEE.

Milwaukee Turnverein Begins a Three  
Days' Celebration.

Milwaukee, June 13.—The golden  
jubilee celebration of Milwaukee  
Turnverein began Friday night and  
will continue today and Sunday, the  
members of the Wisconsin Turnver-  
ein taking part. The celebration  
began with the reception of a large  
delegation of visiting Turners from  
various parts of the state and others  
from Chicago.

There were escorted to the West  
Side Turner hall where the exercises  
began with a jubilee overture com-  
posed by Christ Bach and played by  
his full orchestra.

The address of welcome was de-  
livered by Henry Huhn, after which  
the singing section turnverein, Mil-  
waukee, rendered "Jubilee Greeting."  
Judge Emil Wallber then addressed  
the gathering. A feature of the pro-  
gramme was a drama during which  
were presented a number of tableaux,  
representing "The First Meeting of  
the Turnverein Milwaukee," "The  
Turners Going to War and on the  
Battlefield," "The Dying Hero," and  
"The Class That Went to Frankfurt."

In the latter were several members  
of the original class. At the conclu-  
sion of the drama, the 600 children of  
the Turn classes and the young wo-  
men's classes presented the Turnver-  
ein Milwaukee with a laurel wreath  
of gold, which had been handsomely  
framed.

SHROUDED IN MYSTERY.

Wife of a Factory Employee Killed  
With an Axe.

Middletown, Conn., June 13.—A re-  
volting murder, which at present is  
wrapped in the deepest mystery, oc-  
curred at Middletown a suburb of Mid-  
dletown, some time Friday. The vic-  
tim is Mrs. George Smith, the wife of  
a Rock Fall factory employee. She  
was killed with an axe, and the blow  
nearly severed her head from her  
body. The murder was discovered by  
a boarder of the Smith family. The  
police found the body of the woman  
lying on the kitchen floor. The lock  
on the door leading from the cellar  
into the kitchen was broken. There  
were no signs of a struggle in the  
room and not an article was disturbed.  
The theory of robbery is disposed of  
by the fact that several trunks con-  
taining sums of money were un-  
touched. The axe with which the  
deed was committed was the property  
of Smith. The victim was twenty-  
four years of age and she lived with  
her husband in a house which is  
somewhat isolated. The five board-  
ers who lived with the Smith family  
worked in the woolen mills with  
Smith. All are Polanders.

## NEED OF OUTSIDE AID

MAYOR OF KANSAS CITY, KAN.,  
SAYS TWENTY THOUSAND  
ARE HOMELESS.

SENDS WARE AN INVITATION

REQUESTS PENSION COMMISSION-

ER TO VISIT CITY AND PASS  
ON CONDITIONS.

Kansas City, Kan., June 13.—Mayor  
Gilbert has sent the following tele-  
gram to E. F. Ware, commissioner of  
pensions at Washington:

"The relief committee invites you  
to come to Kansas City, Kan., and see  
if you were correct in the statement  
that Kansas needs no aid; 4,000 fami-  
lies—20,000 people—are homeless here.  
Is it right for us who are not in need  
to let our pride prevent charity coming  
to those who are really suffering when  
we cannot furnish it?"

At a meeting of the lumbermen of  
Kansas City, Mo., it was decided to  
make an appeal to the lumber dealers  
and manufacturers of the country for  
subscriptions for the relief of the  
Kansas City (Kan.) and Argentine  
flood sufferers.

St. Louis, June 13.—The river con-  
tinues to fall steadily. The pressure  
of water against Broadway in East  
St. Louis will probably finally destroy  
a large section of that street and in-  
undate all that portion of the city  
south of Missouri avenue.

MUSICIANS INJURED.

Frightened Horses Plunge Through a  
Crowd at Minneapolis.

Minneapolis, June 13.—A team of  
horses driven by a hackman named  
Putnam and belonging to Nic Rorer,  
the liveryman, became frightened at  
the fireworks in the parade and  
dashed into Dan's band at the cor-  
ner of Fourth street and Nicollet ave-  
nue and injured half a dozen musi-  
cians shortly after 8 o'clock last night.

Putnam had drawn his hack up in  
front of the A. D. T. office and was  
watching the parade. The band had  
just passed Fourth street, when the  
line of march came to a halt owing to  
a horse becoming unmanageable on  
Fifth street and delaying their prog-  
ress. Directly behind the band came  
the Flambeau club shooting off fire-  
works and lighting red lights. The  
two horses attached to the hack began  
to rear and plunge and then started  
suddenly forward. The driver could  
not control them and was obliged to  
make a choice whether to drive into  
the crowd of women and children that  
lined the sidewalk or to turn up Nic-  
ollet near the curb and avoid the  
musicians. The horses, however, were  
so terrified that before he could carry  
out his intention the frightened ani-  
mals plowed through the musicians  
who were playing an air and failed to  
hear the uproar behind them.

Charles H. Hubbard of St. Paul was  
bruised and cut about the head and  
possibly hurt internally.

R. Schultz had his ribs severely  
bruised.

Max Mathieu was run over and  
badly bruised.

Charles Gardner was run over and  
had his leg bruised.

Several other musicians were slight-  
ly hurt, but were able to go to their  
homes unassisted.

The streets were packed at the time  
of the accident, and both sidewalks  
were lined to the curb with women  
and children, and it is little short of  
a miracle that there were not more  
persons seriously hurt.

ATTACKS FRANCIS JOSEPH.

Insane Man Attempts to Injure Aus-  
trian Emperor.

Vienna, June 13.—While Emperor  
Francis Joseph was out driving here  
Friday, a pedestrian, holding a stick  
in a threatening manner, rushed at  
the emperor's carriage. The coach-  
man lashed the assailant and whipped  
up the horses and the man was seized.  
The incident caused some excitement.

At the police station the prisoner  
was recognized as Jacob Reich, an  
unemployed commercial agent, who  
called at the Hofburg Jan. 8, and in-  
sisted on seeing Emperor Francis Jo-  
seph, declaring he was the son of God  
and had brought his majesty an im-  
portant communication from the Al-  
mighty. Reich, who is pronounced in-  
sane, was then incarcerated, but was  
later released.

NORELIUS IS PRESIDENT.

Minnesota Man Head of Augustana  
Synod of Swedish Church.

Bloomington, Ill., June 13.—Augus-  
tana Synod of the Swedish Lutheran  
church in the United States formally  
organized for a week's session by  
electing the following officers:

Minn.; vice president, Rev. C. E. Lind-  
berg, Rock Island, Ill.; treasurer, Rev.  
C. J. Bangston, Rock Island, Ill.

The fourth anniversary of the found-  
ing of the Lutheran church of Paxton,  
Ill., was celebrated, the entire con-  
ference assisting. Addresses were  
delivered by Rev. J. Telleen, St. Paul,  
Minn.; Rev. A. Edgren, Ophelm, Ill.;  
Rev. Carl Swenson, Lindsburg, Dr. C.  
A. Evans, Chicago; Dr. Gustav Ander-  
son, Rock Island.

GENERAL M'COOK DEAD.

Expires After Suffering Third Stroke  
of Paralysis.

Dayton, O., June 13.—General Alex-  
ander McDowell McCook, U. S. A.,  
retired, suffered a third stroke of  
paralysis at 6 a. m. and died a half  
hour later at the home of his daugh-  
ter, Mrs. Charles Craighead, on West  
Monument avenue.

Mrs. McCook, the widow, Mrs.  
Chauncey Baker of Washington, D. C.,  
a daughter, and Mrs. Craighead were  
at the bedside at the hour of parting.

we cannot furnish it?"

At a meeting of the lumbermen of  
Kansas City, Mo., it was decided to  
make an appeal to the lumber dealers  
and manufacturers of the country for  
subscriptions for the relief of the  
Kansas City (Kan.) and Argentine  
flood sufferers.

St. Louis, June 13.—The river con-  
tinues to fall steadily. The pressure  
of water against Broadway in East  
St. Louis will probably finally destroy  
a large section of that street and in-  
undate all that portion of the city  
south of Missouri avenue.

## MUSICIANS INJURED.

Frightened Horses Plunge Through a  
Crowd at Minneapolis.

Minneapolis, June 13.—A team of  
horses driven by a hackman named  
Putnam and belonging to Nic-Roner,  
the liveryman, became frightened at  
the fireworks in the parade and  
dashed into Danz's band at the cor-  
ner of Fourth street and Nicollet ave-  
nue and injured half a dozen musi-  
cians shortly after 8 o'clock last night.  
Putnam had drawn his hack up in  
front of the A. D. T. office and was  
watching the parade. The band had  
just passed Fourth street, when the  
line of march came to a halt owing to  
a horse becoming unmanageable on  
Fifth street and delaying their pro-  
gress. Directly behind the band came  
the Flambeau club shooting off fire-  
works and lighting red lights. The  
two horses attached to the hack began  
to rear and plunge and then started  
suddenly forward. The driver could  
not control them and was obliged to  
make a choice whether to drive into  
the crowd of women and children that  
lined the sidewalk or to turn up Nic-  
ollet near the curb and avoid the  
musicians. The horses, however, were  
so terrified that before he could carry  
out his intention the frightened ani-  
mals plowed through the musicians  
who were playing an air and failed to  
hear the uproar behind them.

Charles H. Hubbard of St. Paul was  
bruised and cut about the head and  
possibly hurt internally.

R. Schultz had his ribs severely  
bruised.

Max Mathieu was run over and  
badly bruised.

Charles Gardner was run over and  
had his leg bruised.

Several other musicians were slight-  
ly hurt, but were able to go to their  
homes unassisted.

The streets were packed at the time  
of the accident, and both sidewalks  
were lined to the curb with women  
and children, and it is little short of  
a miracle that there were not more  
persons seriously hurt.

## ATTACKS FRANCIS JOSEPH.

Insane Man Attempts to Injure Aus-  
trian Emperor.

Vienna, June 13.—While Emperor  
Francis Joseph was out driving here  
Friday, a pedestrian, holding a stick  
in a threatening manner, rushed at  
the emperor's carriage. The coach-  
man lashed the assailant and whipped  
up the horses and the man was seized.  
The incident caused some excitement.

At the police station the prisoner  
was recognized as Jacob Reich, an  
unemployed commercial agent, who  
called at the Hofburg Jan. 8, and in-  
sisted on seeing Emperor Francis Jo-  
seph, declaring he was the son of God  
and had brought his majesty an im-  
portant communication from the Al-  
mighty. Reich, who is pronounced in-  
sane, was then incarcerated, but was  
later released.
